Hongwei Xi

Computer Science Department
Boston University
Boston, MA 02215
Email: hwxi@cs.bu.edu
Tel: +1 (617) 358-2511 Fax: +1 (617) 353-6457
URL: http://www.cs.bu.edu/~hwxi

Education

1981–1985	BS in Mathematics, Nanjing University
1985–1988	MS in Mathematics, Nanjing University
1992–1998	PhD in Pure & Applied Logic, Carnegie Mellon University Dissertation: *Dependent Types in Practical Programming* Thesis Advisor: Frank Pfenning
1998–1999	Post-doctoral Research Associate, Department of Computer Science and Engineering, Oregon Graduate Institute

Professional Experience

Sept. 2007	Associate Professor, Computer Science Department, Boston University
2001–2007	Assistant Professor, Computer Science Department, Boston University
1999–2001	Assistant Professor, Department of Electrical & Computer Engineering and Computer Science, University of Cincinnati
1992–1998	Teaching and Research Assistant, Carnegie Mellon University
1988–1992	Assistant Professor, Department of Computer Science and Engineering, Shanghai Jiao Tong University, China

Representative Publications

- Hongwei Xi and Frank Pfenning, Dependent Types in Practical Programming. In Proceedings of ACM SIGPLAN Symposium on Principles of Programming Languages (POPL '99), pp. 214-227, San Antonio, January 1999.
- Hongwei Xi, Imperative Programming with Dependent Types, In Proceedings of IEEE Symposium on Logic in Computer Science (LICS '00), pp. 375-387, Santa Barbara, CA, June 2000.
- Hongwei Xi and Robert Harper, A Dependently Typed Assembly Language. In Proceedings of the 6th International Conference on Functional Programming (ICFP '01), pp. 169-180, Florence Italy, September 2001.
- Hongwei Xi, Dependent Types for Program Termination Verification, In the Journal of Higher-Order and Symbolic Computation, vol. 15, pp. 91–132, 2002.
- Hongwei Xi, Chiyan Chen and Gang Chen, Guarded Recursive Datatype Constructors, In Proceedings of ACM SIGPLAN Symposium on Principles of Programming Languages (POPL '03), pp. 214-227, New Orleans, January 2003.
- Chiyan Chen and Hongwei Xi, Meta-Programming through Typeful Code Representation. In Proceedings of the 8th ACM SIGPLAN International Conference on Functional Programming (ICFP '03), pp. 275–286, Uppsala, Sweden, August 2003.
- Hongwei Xi, Applied Type System, In post-workshop proceedings of TYPES 2003, Torino, Italy, April/May 2003.

- Chiyan Chen and Hongwei Xi, Combining Programming with Theorem Proving. In Proceedings of the 10th ACM SIGPLAN International Conference on Functional Programming (ICFP '05), Tallinn, Estonia, September 2005.
- Dengping Zhu and Hongwei Xi, Safe Programming with Pointers through Stateful Views. In Proceedings of the 7th International Symposium on Practical Aspects of Declarative Languages (PADL'05), LNCS vol. 3350, pp. 83–97, Long Beach, CA, January 2005.
- Hongwei Xi, Dependent ML: an approach to practical programming with dependent types, Journal of Functional Programming (JFP), vol. 17(2), pp. 215-286, March 2007.

Student Supervision

- Chiyan Chen (PhD, 2005)
- Dengping Zhu (PhD, 2006)
- Sa Cui (MA, 2006)
- Rui Shi (PhD, 2007)
- Rick Lavoie (MA, 2007)
- Kevin Donnelly (MA, 2007)
- Michel Machado (MA, 2008)
- Likai Liu (PhD student since 2003)
- Matthew Danish (PhD student since 2007)
- Zhiqiang Ren (PhD student since 2008)
- William Blair (MA student since 2012)
- Hanwen Wu (PhD student since 2002)

Grants in the last 5 years

- Hongwei Xi (PI), ATS for systems programming with theorem proving, National Science Foundation, CCF-1018601, $449,935, 2010-2013.
- Hongwei Xi (PI), ATS: a language to support practical programming with theorem proving, National Science Foundation, CCF-0702665, $299,980, 2007-2010.

Professional Service in past 5 years

- Hongwei Xi, co-Chair (with Aaron Stump) of the steering committee for the International Workshop on Programming Languages meets Program Verification (PLPV), 2007–2010.
- Hongwei Xi, co-Chair (with Aaron Stump) of the 2nd workshop on Programming Languages meet Program Verification (PLPV'07), Freiberg, Germany, October, 2007
- Hongwei Xi, co-Chair (with Aaron Stump) of the 1st workshop on Programming Languages meet Program Verification (PLPV'06), Seattle, Washington, August, 2006

Involvement in companies

- Hongwei Xi, Chief Scientist of the Eulerats Software Company, Nanjing, China (since 2012).
